ATTENDING PHYSICIAN STATEMENT (APS) -- UNITY HOSPITAL ROCHESTER REGIONAL HEA

Attending Physician: Dr. Sarah Jenkins, MD (Department of Pulmonary & Critical Care Medicine, License #NY-88412)

Patient Name: Eleanor Vance | Claim ID: CLM-LIFE-1001 | NIH Clinical Case Reference: PMC10405870 (PMID: 37554481)

Primary Diagnosis: ICD-10 J18.1 -- Acute Lobar Pneumonia, Right Lower Lobe, complicated by acute respiratory failure.

Date of First Symptom Onset: February 12, 2026 (68 months after policy issuance).

Clinical Presentation & Vitals: Patient presented febrile (38.1 C), tachycardic (110 bpm), tachypneic (RR 30), with oxygen saturation 92% on room air and coarse rhonchi over the right lower lung zone.

Radiograph Findings: Posteroanterior chest radiograph (PMC10405870 Fig. 1) demonstrates dense right lower lobe consolidation concerning for acute bacterial lobar pneumonia with normal cardiomediastinal silhouette.

Prior Medical History Audit: Review of 10-year primary care records confirms ZERO prior pulmonary or cardiac disease prior to February 2026.

Certified Medical & Coroner Record submitted for Claim CLM-LIFE-1001 | NIH Open-i Case Source: PMC10405870 (PMID: 37554481).
